

THE SKY'S THE LIMIT: FLY HIGHER IN THE CLOUD

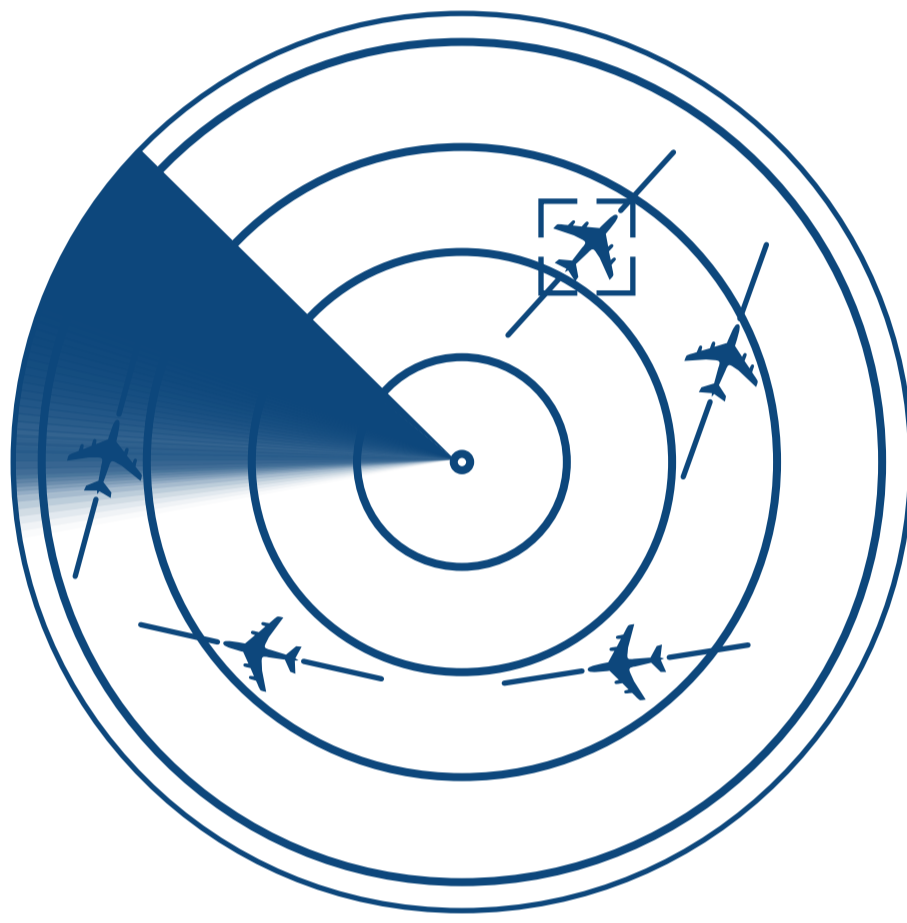

You're likely among the 93% of organizations ascending to higher altitudes with cloud services. But do you have everything you need for a smooth, stable flight?

ORGANIZATIONS AND THE CLOUD TODAY...

... AND IN TWO TO THREE YEARS:

34% of IT services will migrate to the cloud.

30% of enterprises will move more than 50% of their IT services to the cloud.

MAJOR REASONS FOR ENTERPRISES FLYING INTO THE CLOUD:

70%: data protection against local disasters

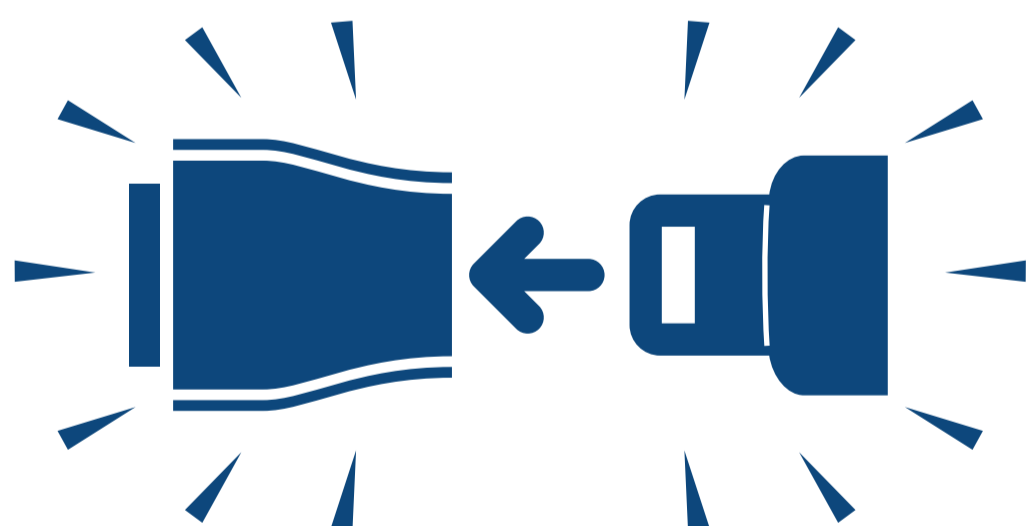

54%: data accessibility

62%: scalability of storage capacity

BUT WHY ARE PASSENGERS FEELING TURBULENCE?

60%: grappling with connection speed and latency issues

54%: having trouble controlling infrastructure/ facing security risks

62%: staring down problematic bandwidth requirements

IRON MOUNTAIN SAYS: NAVIGATE THE CLOUD WITH A TRUSTED PARTNER

35,000 individual customers globally

218 data vaults in **34** countries

94%: of Fortune 1000 companies

FIND OUT HOW YOU CAN TAKE YOUR CLOUD EXPERIENCE TO NEW HEIGHTS WITH THE IRON CLOUD FROM IRON MOUNTAIN.
